A great time was had, exploring new tracks, traveling on and through Tantangara Reservoir with some tough challenges.

There were some of the old Homesteads and a lot of history.

We met some of the men from Snowy River who have lived in the high country all their lives, in fact we even shared in a bucks party on the Saturday night

We explored Yarrangobilly Caves, Caves House and the surrounds as well as the local fishing spots, and enjoyed a sample of the one's we caught.

The kids asked for snow and it actually did snow on Sunday afternoon.
