

Sydney District 4x4 Open Day – February 10th 2013

The planning for this event started at the end of 2012 and grew in momentum as we got closer to the date. We always felt that with the size of the Club we would have a successful day, however I don't think we quite knew how successful it would be.

The facts are we had 52 vehicles and approx 160 turn up for the day – so thank you to all in attendance for making it the great day it was...

Also thank you to ALL the volunteers who helped on the day, it would not have happened without your assistance. Special thanks also to Terese who spent countless hours in the weeks prior to the event producing all the documentation, coordinated all the attendee's and kept my scattered brain on track – THANKS...

Finally, a thank you to our sponsors in attendance – Total Care 4wd, Pennant Hills Toyota, Karcher and also to 4wd Action who gave us the use of their travel ramp, and donated the prizes for our lunchtime give away.

The day itself was a credit to our Club and the way our members approach 4wd'ing with no issues on the track and only 2 x recoveries throughout the day. Well Done!

As organisers, we have gone away and feel that we can make some improvement in how the day was delivered, but overall we were more than happy with the result.

With cameras going crazy all day I have collected about 1800 photos and it is impossible to get them all in the mag and on the net. If you want some photos from the day let me know and I will give you access to my DropBox account to download them.

Once again, thank you to everyone for making the day such a great success.

Cheers

Ben
