Met at Pheasants Nest & headed towards Nowra. Stopped at Seafood shop Nowra and then headed towards Yalwal.

Went down Deans Gap Road and then came to Mint Bush Tail where we aired down. Then headed towards the Wombat Creek Campground via a play hill.

From Wombat Creek Campground we drove across the creek and then we had that interesting exit. That was the start of the Treeroot Loop. The hard hill climb was called Dusty's Track. Then we drove to the creek with multiple exits.

The track we did on the Sunday was called Monkey Gum.

Cheers Kurt
